

**Fracestown Conservation Commission
Conservation Plan Subcommittee Meeting**

March 27, 2013

Lower level meeting room at the town offices

Meeting came to order at 6:00 PM, those present included Pete Throop, Barry Wicklow, Linda Kunhardt, Ben Haubrich, Betsy Hardwick

Pete inquired about reactions to the posters displayed at town meeting; though the posters were pointed out at the meeting there was little notice of or reaction to them.

Pete had sent all sample plans from four other communities – those were reviewed and good points of each were noted as far as form and substance, it was agreed to use those points as a general template for the plan.

There was discussion about the content of the plan and maps were reviewed again. Pete will email draft of plan prior to our next meeting so we have some time to review it.

Adjourned at 7:00

Next meeting tentatively scheduled for May 6th.
