

**Fracestown Conservation Commission
Conservation Plan Subcommittee Meeting**

Minutes

4/25/12 meeting., 6:00 PM Lower level town offices

Attending: Ben Haubrich, Linda Kunhardt, Betsy Hardwick, Barry Wicklow, Pete Throop

Had a quick overview of April 11 Water resources workshop – noted there was a good turnout.

Reviewed maps, identified priority areas for agriculture based on public input received from February Ag workshop and known information including current development and soils.

Surveys will be going out to every resident through the FLT newsletter. Betsy will check with Abigail Arnold for size and fold and let Pete know. There will be information with the newsletter and will try to get something in the F-town News about the survey, explaining what it is and why it is important, strongly encouraging people to fill it out and return it.

Will check with library about being able to leave surveys there and will have a box at the Town offices too.

adjourned at 7:15
