PRESS RELEASE
CITIZEN NOTIFICATION
8/18/2015

The Fracestown Police Department would like to make the citizens of Fracestown aware of an incident that occurred in town last week. On August 12, 2015 a citizen that lives in the area of New Boston Road in town reported the following incident.

On August 11th at approximately 1400 hours the citizen was home. At one point it was observed that a small older sedan (either 2 door or 4 door), faded green in color pulled into the driveway. No plate number was observed. The operator was described as being white male, receding hair line with a large mid-section. The home owner confronted the operator as to why he was pulling into her driveway. The circumstances given by the suspect were not credible or logical. While the male continued his conversation it was evident that this individual knew certain things about the homeowner's activities that had occurred in the last week that no one should have known.

Although there was no criminal act, the suspect's conduct is very suspicious and concerning. Please remember that something that may seem just a little out of place but "probably is alright" could be something important. Should you possibly observe the suspect or the vehicle fitting the description in this notification, please attempt to obtain a registration plate number and contact your police department with the information.

The Fracestown Police Department would ask that any citizen observing any suspicious activity within their respective neighborhood are asked to contact the police department as soon as possible at 547-6850.

Respectfully submitted,
Fred Douglas
Officer-In-Charge
